#### **BIO**

The Mighty Snow Cone began his comedy career in 1993 in his hometown of Detroit, Michigan. As a kid, Anthony was no different from the rest of his friends, except that he was white in a predominately black ghetto. All the while feeling like one of the guys, it wasn't long before he became the target of racial ignorance and painful slurs. A comedian by nature and at heart, Snow Cone began to develop his most dangerous weapon to be used in his defense.... STAND-UP COMEDY!

From that point on, comedy became second nature and Anthony began taking his act on the road.

For the next six years Anthony continued to make a name for himself in the club circuit, all the while developing his unique comedy point of view. Playing rooms that traditionally only feature black performers, Anthony's original style of comedy began to create a fan base that culminated in a television appearance on his first season of BET's Comic View.

With his success on his very first television appearance, Anthony found himself the winner of Bud Light's 1999 Def Comedy Jam of Michigan and a runner-up in the MGD comedy search "So You Think You're Funny?"

Today, with five seasons of Comic View under his belt, along with years of stand-up experience, Anthony is taking his comedy to the next level. A truly talented entertainer who loves what he does, Snow Cone gives thanks to his family and friends who's loving support helped him get to where he is now...on stage with the mic making people laugh.
